

SLIDEVIEW™ VS200 / VS120 Slide Scanner Service Contracts

SLIDEVIEW™ VS200 / VS120 Slide Scanner

Keep Your System Operating at Peak Performance with a Service Contract

Designed to protect your investment and minimize downtime, a service contract helps you focus on your research. Olympus licensed service personnel or original equipment manufacturer (OEM) service personnel will perform quality service using factory parts and Olympus authorized service methods. Single-year or multiple-year options provide predictable service costs.

Preventative Maintenance

An Olympus licensed Field Service Engineer will align and optimize your Slide Scanner annually. Calibration, performance checks, and light source optimization are included. Microscope and accessory products will be cleaned and lubricated as needed.

Remote Diagnostic Support

Technical Assistance Center (TAC) personnel will perform routine recalibrations, as well as hardware and software troubleshooting.

Our service contracts do not include:

- Consumables (i.e. liquid light guides and halogen bulbs)
- Software programs and software upgrades
- Certain third-party components
- Damage caused by misuse/negligence or by people who are not authorized to perform service
